MATERIALS WE USE

Optical Borosilicates	N-BK7 General purpose optical crown borosilicate	H-K9L Equivalent to N-BK7	N-Bak1 Popular for laser lens	Borofloat® Good surface accuracy
IR optics	Si Good IR transmission, low density	Ge Good Far infrared transmission	ZnSe Used in CO ₂ laser, resistant to thermal shock and good imaging characteristics	ZnS FLIR Applications
IR + UV optics	CaF₂ Wide use for excimer laser	MgF₂ Better physical characteristics than CaF ₂	BaF₂ Good UV transmission	Fused Silica - JGS1/2 UV - IR grade
Special materials	Quartz Homogenous birefringent refractive index	Sapphire Anti-scratch	ZERODUR® Very low coef of thermal expansion	Ceramics Specific applications

*OTHER MATERIALS UPON REQUEST

WHO ARE WE

Optics & Glass experts based in Shanghai, China since 2000 providing:

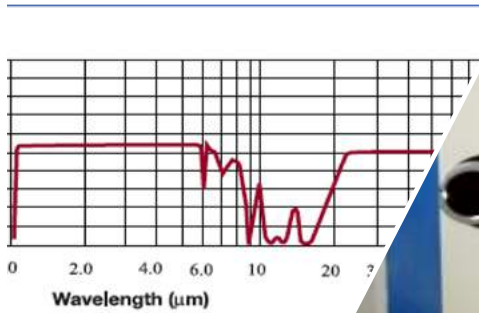

- Optical components Subcontracting in China:

Benefit from over 40 active audited suppliers supervised by Sinoptix with independant quality guarantee, international delivery at chinese prices.

- Equipment distribution to China:

Benefit from our network and technical expertise to successfully **distribute** your products in China.

COATINGS & FILTERS

AR / MIRROR / BANDPASS / MULTI-BAND / BEAMSPLITTERS / MARKING & MASKS

PLASTIC OPTICS

LED COLIMATORS / LENSES / MICRO-LENSES / TRANSPARENT COVES
MATERIALS: PMMA / PC

HOW WE WORK

- **Quotation:** Upon reception of your specifications, Sinoptix conducts a technical analysis and provides a complete technical and commercial offer.
- **Production:** We supervise the production of your components and organise in house independant quality control to ensure that both your quality and lead times are respected.
- **After Sales:** Sinoptix, guarantees and takes responsibility of the quality of your components.

OPTICAL EQUIPMENT DISTRIBUTION

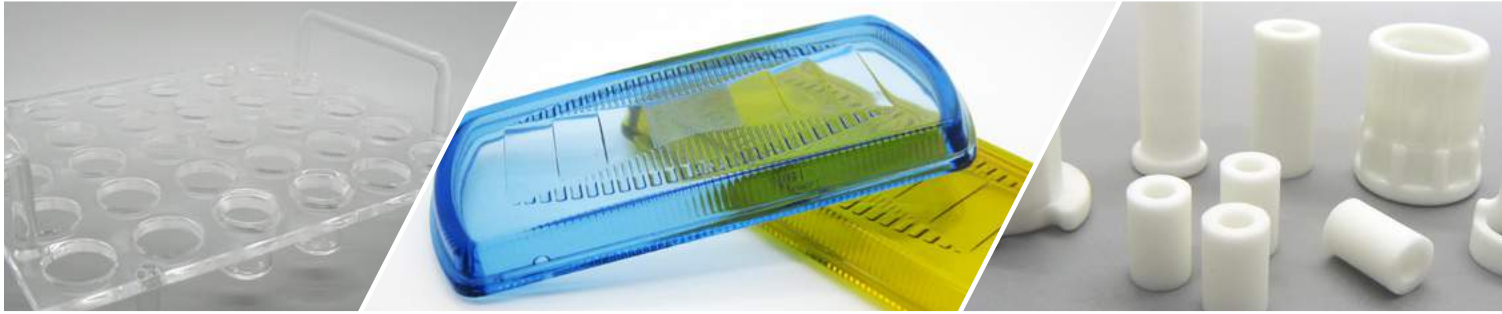

OPTICAL HIGH TECHNOLOGY EQUIPMENT DESIGNED FOR: MEASURING / ANALYZING / OBSERVING

ON SITE DEMONSTRATION, TRAINING, INSTALLATIONS AND AFTER SALES SUPPORT

THEY TRUST US

GLASS / COLORED GLASS / BLOWN GLASS / MOLDED GLASS / CERAMICS

TUBES / ORNAMENTAL / ALL SORTS OF GLASS MACHINING

WHY SINOPTIX

- Attractive prices.
- MOQ flexibility.
- Short deadline solutions.
- A European reputation
- 1 partner for supporting multiple productions in different factories.
- Manufacturing at a Sinoptix Audited and selected supplier.
- On site quality control for compliance checking.
- Worldwide shipment (DDP / DDU / DAP / FOB)
